Assistant Principal

## **Clifton Avenue Grade School Parent Involvement Policy**

Parents will be provided with opportunities which meet the requirements of scientifically-based research that are specifically designed to inform them about federal and state requirements, L.E.A. operations, state standard tests, and ways to improve parental involvement.

Clifton Avenue Grade School embraces the philosophy that learning and teaching are both meaningful and productive; one in which everyone is welcomed and belongs; and extended liaisons with parents, neighborhoods and larger communities are valued.

Revised 8.19.2013
