PROGRAM DESCRIPTION

In collaboration with the classroom teachers and other stakeholders, the G&T Teacher will create a schedule for each school and grade level. Grades 1-12 G&T classes will convene from October through June and Kindergarten will convene from February through June. Classes will be scheduled weekly for a forty-minute period. The G&T Curriculum was designed to address the needs of our gifted and twice-exceptional students. Students will be assessed throughout the program but grades will not be provided for this class on the report card. Parents will be required to sign off on a *consent to participate* form in order for their child to participate in the pull-out services.

PROGRAM GOALS

The Gifted & Talented program is designed to meet the needs of students identified as requiring enrichment in English Language Arts and Mathematics. Lakewood Public School District strives to:

- Challenge gifted and talented students who demonstrate a need for rigor beyond the regular curriculum for their grade level.
- Provide an environment that encourages the development of critical thinking skills such as analysis, evaluation, synthesis, and complex problem-solving strategies.
- Provide an environment that encourages divergent thinking and supports the development of originality, fluency, flexibility, and elaboration.
- Develop confidence in expressing ideas in discussions and written form.
- Provide students with opportunities to develop leadership skills through positive group interaction.
- Encourage a lifelong commitment to independent learning.
- The G&T program promotes an increase of metacognitive awareness in:

- ELA: the application of comprehension strategies, synthesizing information from multiple sources across various genres, engaging in discussions based on textual analysis and evaluation, and responding to literature in sophisticated written form.
- Math: the utilization of number sense strategies, applying multiple skills to model and solve real-world scenarios, participating in mathematical discourse with a focus on defending or supporting a conjecture, generalizing mathematical processes and procedures, and strengthening conceptual understanding of mathematical principles and ideas.

PROGRAM ELIGIBILITY CRITERIA

Kindergarten Math G&T CRITERIA

In the Fall, all students in Kindergarten will be assessed via the iReady Diagnostic and the Unit 1 and Unit 2 math assessments. Scores at or above the 95th percentile on the iReady Diagnostic along with Unit 1 and Unit 2 scores above 90 will be analyzed and the top 3-5% will be selected to participate in the Math G&T program for Grade K.

Grades 1-6 Math G&T CRITERIA

At the start of each school year, all students in Grades 1-6 will be assessed via the iReady Diagnostic and the Beginning of the Year Math Assessment. Students with the highest scores in the grade level at the school level will be considered. The BoY assessment along with the End of Year diagnostic from the previous year will be used as supporting data along with teacher input, if necessary. The top 3-5% will be selected to participate in the Math G&T program for Grades 1-6.

7-8 Math G&T CRITERIA

Pathways to Eligibility

	PATHWAY 1	PATHWAY 2	PATHWAY 3
iReady EoY Level	Overall Placement "Mid or Above Grade Level"	Overall Placement "On Grade Level"	Number and Operations (NO) & Algebra and Algebraic Thinking (ALG) Placement "Mid or Above Grade Level"
EoY / Final Assessment Score	80% or higher	96% or higher	90% or higher
Supporting Grades	80% or higher	90% or higher	90% or higher
Teacher Recommendation	Considered	Considered	Considered
NJSLA Scores	If necessary, will be considered when available		

9-12 Math G&T CRITERIA

Students already in the Honors / G&T program must maintain an A average to continue in the G&T program. Teachers can recommend new students to the program provided the student has earned a high A average in the prerequisite course(s).

In June of the previous school year, math teachers submitted written recommendations for incoming 9-12 student placement in the G&T courses. Final grades were used to substantiate the recommendations. Recommendations and final grades were reviewed for selection into the G&T program.

K-2 ELA G&T CRITERIA

In September, all first and second-grade students will be assessed via Istation and DIBELS 8. LinkIt! will create a Ranking Report of students' performance. The top 5-10 students or the top 5% of students per grade level, per school, will be identified for G&T services. Once students are identified, pertinent teachers will be consulted by the G&T teacher to confirm their suitability for the services. The same process will be followed for Kindergarten but students in that grade level will be tested in January and they will be serviced from February through June of each school year.

3-6 ELA G&T CRITERIA

At the start of each school year, all students in Grades 3-5 will be assessed via the *Istation Diagnostic* and the *Beginning of Year ELA Assessment*. Students with the highest scores in the grade level at the school level will be considered. *The Beginning of Year Assessment* along with the *End of Year Assessment* from the previous year will be used as supporting data along with teacher input, if necessary. The top 3-5% will be selected to participate in the ELA G&T program for Grades 3-5.

7-8 ELA G&T CRITERIA

ELA Criteria	Grade 5 to 6 Threshold	Grade 6 to 7 Threshold	Grade 7 to 8 Threshold
iStation EoY (ELA)	2150+	2250+	2500+
EoY / Final Assessment	90+	90+	90+
CommonLit Post Test	225+	225+	225+
Final Grade (ELA)	90+	90+	90+
Teacher Recommendation	ELA, Math, or Both	ELA, Math, or Both	ELA, Math, or Both
NJSLA Scores	If necessary, will be considered when available		

Students must meet a minimum of 3 of the first 5 criteria minimums

9-12 ELA G&T CRITERIA

Students already in the Honors / G&T program must maintain an A average to continue in the G&T program. Teachers can recommend new students to the program provided the student has earned a high A average in the prerequisite course(s).

ASSESSMENTS

K-6 ASSESSMENT

All G&T K-5 students will be progress monitored using the District's 3 Universal Screening instruments (Istation, DIBELS, and iReady) three times per year. In addition, students will be formatively assessed via checks for understanding, independent work, assignments, projects, quizzes, and participation.

7-12 ASSESSMENTS

Unit assessments on course content will be administered 3 times per marking period. In addition, students will be formatively assessed via Checks for Understanding, DoLs, written assignments, homework, and class participation. All students will take a benchmark assessment at the beginning, middle, and end of the year. Assessment data will be analyzed by the teacher and shared with students and administration to promote discourse, determine student success in the course, and inform interventions and supports.

2023-2024 Lakewood Public Schools

Gifted & Talented Math Program

Permission to Participate

The Lakewood School District is proud to inform you that your child has been selected to participate in the Gifted & Talented Program for **Math**.

Students selected for this program have been identified as exceptional by performing as one of the top students in their grade level (per school) on key math assessments. These students demonstrate readiness for advanced and accelerated learning opportunities and will receive additional academic challenges to reach their potential and continue to grow and progress.

By signing this form, you consent for your child to join the district's Gifted & Talented Program for one period on a weekly basis. The program is scheduled to begin in the next week or so. Please return this signed permission slip as soon as possible.

If you have any questions regarding this program please contact your child's school.

2023-2024 Escuelas públicas de Lakewood
Programa para estudiantes dotados y talentosos
Permiso para participar

El Distrito Escolar de Lakewood se enorgullece de informarle que su hijo ha sido seleccionado para participar en el Programa de **Matemáticas** para Estudiantes Dotados y Talentosos.

Los estudiantes seleccionados para este programa han sido identificados como excepcionales al desempeñarse como uno de los mejores estudiantes en su nivel de grado (por escuela) en evaluaciones clave de matemáticas. Estos estudiantes demuestran estar preparados para oportunidades de aprendizaje avanzadas y aceleradas y recibirán desafíos académicos adicionales para alcanzar su potencial y continuar creciendo y progresando.

Al firmar este formulario, usted da su consentimiento para que su hijo se una al Programa de Dotados y Talentosos del distrito durante un período semanal. El programa está programado para comenzar la próxima semana. Devuelva este formulario de permiso firmado lo antes posible.

Si tiene alguna pregunta sobre este programa, comuníquese con la escuela de su hijo.
