Re: Parental Notification of Standardized Assessments

Dear Parents/Guardians:

Assessments provide valuable information about a student's progress throughout his or her educational journey. In Lakewood, we use the results of a variety of assessments to identify and understand our students' strengths and areas for growth so that we can better target instruction and refine our program.

By October 1st of each school year, school districts must provide parents and guardians with certain information on any state or commercially-developed standardized assessment that will be administered in that school year (N.J.S.A. 18A: 7C-6.6).

The attached chart is intended to provide you with the information required. You are also invited to access the below web links for further information on accommodations and accessibility features and practice/sample test items:

Upon review, should you have any questions or concerns, please contact your child's building principal.

Re: Notificación de las evaluaciones estandarizadas

Queridos padres/guardianes:

Las evaluaciones proporcionan información importante sobre el progreso de un estudiante durante su viaje educativo. En Lakewood, usamos los resultados de una variedad de evaluaciones para identificar y entender las fortalezas y áreas de crecimiento de nuestros estudiantes para poder orientarnos mejor a la instrucción y refinar nuestro programa.

El 1 de octubre de cada año escolar, los distritos escolares deben proporcionar a los padres y guardianes cierta información sobre cualquier evaluación del estado o estandarizada que será administrada en ese año escolar (N.J.S.A. 18A: 7C-6.6).

La carta adjunta tiene la intención de proporcionar la información requerida. También está invitado a acceder a los siguientes enlaces web para obtener más información sobre las características de accesibilidad y ejemplos de las evaluaciones:

Después de revisar, si tiene alguna pregunta o inquietud, comuníquese con el director de la escuela de su hijo/a.
