STATEMENT BY BOARD PRESIDENT

Pursuant to Board Policy 0164, Roberts’ Rules of Order shall govern the Board of Education in its deliberations and in the conduct of its meetings. As such, all comments from the public and from other members of the Board should be directed to the Board President who is responsible for presiding over the meeting.

Anyone who desires to ask a question must email to boemeeting@lakewoodpiners.org, between 6:30 p.m. to 7:30 p.m. the evening of the meeting, and provide their proper name, full

address and the question.

The President shall direct all inquiries or comments to the appropriate Administrator or Board member for response, as appropriate. The law requires a period of public comment at our meetings, not a question or answer session or debate. The board president at his discretion may or may not feel it is appropriate to answer questions raised during the public comment period. The board and administration do take all public comments seriously and consider them when conducting business.

The President may interrupt, warn, or terminate a participant's statement when the statement is too lengthy, abusive or obscene. In addition, Security Personnel may direct any individual to leave the meeting when that person does not observe reasonable decorum, whether the person is at the microphone or at any other place in the meeting room. New Jersey law makes it a crime for any person to intentionally disrupt a public meeting. 1648 RESTART AND RECOVERY PLAN (M)

M

On June 26, 2020, the New Jersey Department of Education (NJDOE) published “The Road Back – Restart and Recovery Plan for Education” (Guidance), a guidance document for reopening New Jersey schools during the COVID-19 pandemic. The Guidance provided school officials with the information necessary to ensure that schools reopen safely and are prepared to accommodate staff and students’ unique needs during these unprecedented times. The NJDOE required school districts in the State to develop, in collaboration with community stakeholders, a “Restart and Recovery Plan” (Plan) to reopen schools that best fits the district’s local needs.

The Guidance requires the Board of Education to adopt certain policies and the Board adopts Policy 1648 to address those policy requirements in the Guidance. Policy 1648 shall only be effective through the current COVID-19 pandemic and will take precedence over any existing Policy on the same or similar subject, unless determined otherwise by the Superintendent.

A. NJDOE Guidance – Key Subject Area 1 – Conditions for Learning

1. Transportation

- a. If the school district is providing transportation services on a school bus, a face covering must be worn by all students upon entering the school bus unless doing so would inhibit the student’s health. It is necessary to acknowledge that enforcing the use of face coverings may be impractical for young children or individuals with disabilities. Exceptions to the face covering requirements shall be those outlined in A.2.d. below:

- (1) Accommodations for students who are unable to wear a face covering should be addressed according to that student's particular need and in accordance with all applicable laws and regulations.

- b. The school district shall use best practices for cleaning and disinfecting district-owned school buses and other transportation vehicles in accordance with A.3. below.
- c. District-employed school bus drivers and aides on district-owned school buses shall practice all safety actions and protocols as indicated for other school staff.
- d. If the school district is using contracted transportation services, the contractor shall ensure all Board of Education safety actions and protocols are followed by the contractor and its employees and/or its agents.

[See Policy Guide 1648 – Appendix A for the protocols/procedures for “Transportation” which is also included in the school district’s Restart and Recovery Plan.]

- 2. Screening, Personal Protective Equipment (PPE), and Response to Students and Staff Presenting Symptoms
 - a. The school district shall screen students and employees upon arrival to a school building or work location for COVID-19 symptoms and a history of exposure.
 - (1) School staff must visually check students and employees for symptoms upon arrival (which may include temperature checks) and/or confirm with families that students are free of COVID-19 symptoms.
 - (2) Health checks must be conducted safely and respectfully, and in accordance with any applicable privacy laws and regulations.
 - (3) Results must be documented when signs/symptoms of COVID-19 are observed.
 - (4) The screening protocol will take into account students and employees with disabilities and accommodations that may be needed in the screening process for those students and employees.

- (5) Students and employees with symptoms related to COVID-19 must be safely and respectfully isolated from others.
 - (6) If the school district becomes aware that an individual who has spent time in a school district facility tests positive for COVID-19, district officials must immediately notify local health officials, staff, and families of a confirmed case while maintaining confidentiality.
- b. School staff and visitors are required to wear face coverings unless doing so would inhibit the individual's health or the individual is under two years of age.
- (1) If a visitor refuses to wear a face covering for non-medical reasons and if such covering cannot be provided to the individual at the point of entry, the visitor's entry to the school/district facility may be denied.
- c. Students are required to wear face coverings, unless doing so would inhibit the student's health. It is necessary to acknowledge that enforcing the use of face coverings may be impractical for young children or individuals with disabilities.
- (1) Accommodations for students who are unable to wear a face covering should be addressed according to that student's need and in accordance with all applicable laws and regulations.
- d. Exceptions to the Requirement for Face Coverings
- (1) Doing so would inhibit the individual's health.
 - (2) The individual is in extreme heat outdoors.
 - (3) The individual is in water.
 - (4) A student's documented medical condition, or disability as reflected in an Individualized Education Program (IEP), precludes

the use of a face covering.

- (5) The student is under the age of two, due to the risk of suffocation.
- (6) During the period a student is eating or drinking.
- (7) Face coverings should not be placed on anyone who has trouble breathing or is unconscious, or anyone who is incapacitated or otherwise unable to remove the face covering without assistance (e.g. face coverings should not be worn by Pre-K students during nap time).
- (8) The student is engaged in high intensity aerobic or anaerobic activities.
- (9) Face coverings may be removed during gym and music classes when individuals are in a well-ventilated location and able to maintain a physical distance of six feet apart.
- (10) When wearing a face covering creates an unsafe condition in which to operate equipment or execute a task.

[See Policy Guide 1648 – Appendix A for the protocols/procedures for “Screening, PPE, and Response to Students and Staff Presenting Symptoms” which is also included in the school district’s Restart and Recovery Plan.]

3. Facilities Cleaning Practices

- a. The school district must continue to adhere to existing required facilities cleaning practices and procedures and any new specific requirements of the local health department as they arise.
- b. A procedure manual must be developed to establish cleaning and disinfecting schedules for schools and school equipment, targeted areas to be cleaned, and methods and materials to be used.

[See Policy Guide 1648 – Appendix A for the protocols/procedures for – “Facilities Cleaning Practices” which is also included in the school district’s

b. The school district shall assist the local health department in conducting contact tracing activities, including ongoing communication with the identified individual and/or their contacts.

c. The school district shall ensure adequate information and training is provided to the staff as necessary to enable staff to carry out responsibilities assigned to them.

d. A staff liaison(s) shall be designated by the Superintendent or designee and shall be responsible for providing notifications and carrying out other components that could help ensure notifications are carried out in a prompt and responsible manner.

e. School districts shall allow staff, students, and families to self-report symptoms and/or suspected exposure.

Tracing” which is also included in the school district’s Restart and Recovery Plan.]

1648.02 REMOTE LEARNING OPTIONS FOR FAMILIES

M

On July 24, 2020, the New Jersey Governor and the Commissioner of Education published a supplemental guidance document titled “Clarifying Expectations Regarding Fulltime Remote Learning Options for Families 2020-2021” as a result of the COVID-19 pandemic. This supplemental guidance includes an additional “anticipated minimum standard,” as this phrase is used throughout “The Road Back: Restart and Recovery Plan for Education” (NJDOE Guidance). This additional “anticipated minimum standard” provides that, in addition to the methods and considerations explicitly referenced in the NJDOE Guidance for scheduling students for in-person, remote, or hybrid learning, families/guardians (hereinafter referred to as “parents”) may submit, and school districts shall accommodate, requests for full-time remote learning.

Requests for full-time remote learning may include any service or combination of services that would otherwise be delivered to students on an in-person schedule, which may be a hybrid schedule, such as instruction, behavioral and support services, special education, and related services. A parent may request some services be delivered entirely remotely, while other services follow the same schedule they otherwise would according to the provisions in the school district’s Restart and Recovery Plan (Plan) and Policy 1648.

A parent may contact the Principal or designee of the building the student would attend with any questions on: a request to transition from in-person services to full-time remote learning; a request to transition from full-time remote learning to in-person services; the procedures of this Policy; and/or any other information regarding the school district’s Plan and Policy 1648.

To ensure clarity and consistency in implementation of full-time remote learning, the Board of Education adopts this Policy that addresses the following:

- A. Unconditional Eligibility for Full-time Remote Learning
 - 1. All students are eligible for full-time remote learning.
 - a. Eligibility for full-time remote learning cannot be conditioned on a parent demonstrating a risk of illness or other selective criteria.
 - b. Unconditional eligibility for full-time remote learning includes students with disabilities who attend in-district schools or receiving schools (county special services school districts, educational services

commissions, jointure commissions, Katzenbach School for the Deaf, regional day schools, college operated programs, and approved private schools for students with disabilities).

B. Procedures for Submitting Full-time Remote Learning Requests

1. A parent may request a student receive full-time remote learning from the school district by submitting a written request to the Principal of the school building their child would attend. The written request shall be provided to the **Superintendent** by **August 3rd** calendar days before the student is eligible to commence full-time remote learning in accordance with B.2. below.
2. The student may only begin full-time remote learning, at the beginning of the school year or at the beginning of a mid-year semester.
3. The written request for the student to receive full-time remote learning shall include:
 - a. The student's name, school, and grade;
 - b. The technology the student will be using to receive full-time remote learning, including the student's connectivity capabilities;
 - c. A request for any service or combination of services that would otherwise be delivered to the student on an in-person or hybrid schedule, such as instruction, behavioral and support services, special education, and related services;
 - d. For students with disabilities, the school district staff will determine if an Individualized Education Plan (IEP) meeting or an amendment to a student's IEP is needed for full-time remote learning; and
 - e. Any additional information the Principal or designee requests to ensure the student, when receiving remote learning, will receive the same quality and scope of instruction and other educational services as any other student otherwise participating in school district programs.
 - (1) The documentation required by the school district to be provided in the parent's request for full-time remote learning

shall not exclude any students from the school district's full-time remote learning option, but rather be limited to the minimum information needed to ensure proper recordkeeping and implementation of successful remote learning.

4. Upon receiving the written request, the **Superintendent** or designee may request additional information from the parent to assist the Principal or designee in providing the student the same quality and scope of instruction and other educational services as any other student otherwise participating in school district programs.
 5. The **Superintendent** or designee will review the written request and upon satisfaction of the procedures outlined in this Policy, the Principal or designee will provide written approval of the parent's request for full-time remote learning.
 - a. In the event the request does not satisfy the procedures outlined in this Policy, the Principal or designee will notify the parent in writing of the issues that need to be addressed by the parent to satisfy the procedures outlined in this Policy.
 6. The Principal's written approval of the request shall be provided to the parent within **21** calendar days of receiving the parent's written request.
 - a. The written approval will include the date the remote learning program will commence for the student in accordance with B.2. above.
- C. Scope and Expectations of Full-Time Remote Learning
1. The scope and expectations of the school district's full-time remote learning program will include, but not be limited to, the following:
 - a. The length of the school day pursuant to N.J.A.C. 6A:32-8.3 and compliance with the Board's Attendance Policy and Regulation 5200; the provisions of the district's remote learning program outlined in the school district's Plan; and any other Board policies and regulations that govern the delivery of services to, and district expectations of, students participating in the remote learning program and their families;

- b. The technology and the connectivity options to be used and/or provided to the student during remote learning; and
 - c. Any additional information the Principal or designee determines is needed to ensure the student, when receiving remote learning, will receive the same quality and scope of instruction and other educational services as any other student otherwise participating in school district programs (i.e. students participating in a hybrid model).
 - (1) This includes, for example, access to standards-based instruction of the same quality and rigor as afforded all other students of the district, the district making its best effort to ensure that every student participating in remote learning has access to the requisite educational technology, and the provision of special education and related services to the greatest extent possible.
 - d. The school district will endeavor to provide supports and resources to assist parents, particularly those of younger students, with meeting the expectations of the school district's remote learning option.
- D. Procedures to Transition from Full-Time Remote Learning to In-Person Services
- 1. A parent may request their student transition from full-time remote learning to in-person services, if in-person services are being provided, by submitting a written request to the Principal of the building the student will attend. This request must be submitted at least **14** calendar days before the student is eligible for in-person services.
 - 2. A student is only eligible to transition from full-time remote learning to in-person services commencing at the beginning of the school year or at the beginning of a mid-year semester.
 - 3. The written request from the parent for the student to transition from full-time remote learning to in-person services shall include:
 - a. The student's name, school, and grade;

1. To evaluate full-time remote learning, and to continue providing meaningful guidance for school districts, it will be important for the New Jersey Department of Education (NJDOE) to understand the extent and nature of demand for full-time remote learning around the State.
 - a. The school district will be expected to report to the NJDOE data regarding participation in full-time remote learning. Data will include the number of students participating in full-time remote learning by each of the following subgroups: economically disadvantaged; major racial and ethnic groups; students with disabilities; and English learners.
- F. Procedures for Communicating District Policy with Families
1. The school district will have clear and frequent communication with parents, in their home language, to help ensure this important flexibility is as readily accessible as possible. Communication must include, at a minimum, information regarding:
 - a. Summaries of, and opportunities to review, the school district's full-time remote learning Policy/Plan;
 - b. Procedures for submitting full-time remote learning requests in accordance with B. above;
 - c. Scope and expectations of full-time remote learning in accordance with C. above;
 - d. The transition from full-time remote learning to in-person services and vice-versa in accordance with B. and D. above; and
 - e. The school district's procedures for ongoing communication with families and for addressing families' questions or concerns.
- G. Home or Out-of-School Instruction
1. No provision of this Policy supersedes the district's requirements to provide home or out-of-school instruction for the reasons outlined in N.J.S.A. 18A, N.J.A.C. 6A, or any applicable Board policy unless determined otherwise by the Superintendent or designee.

1648.03 RESTART AND RECOVERY PLAN – FULL-TIME
REMOTE INSTRUCTION

M

On June 26, 2020, the New Jersey Department of Education published “The Road Back - Restart and Recovery Plan for Education” (NJDOE Guidance), a guidance document for reopening New Jersey schools during the COVID-19 pandemic. The Guidance, including revisions, provided school officials with the information necessary to ensure that schools reopen safely and are prepared to accommodate staff and students’ unique needs during these unprecedented times. The NJDOE Guidance required school districts to develop, in collaboration with community stakeholders, a “Restart and Recovery Plan” (Plan) to reopen schools that best fit the district’s local needs.

The NJDOE Guidance requires the Board of Education to adopt certain policies and the Board previously adopted Policies 1648 and 1648.02 to address these policy requirements. Board policies related to Covid-19 shall only be effective through the current COVID-19 pandemic and will take precedence over any existing Policy on the same or similar subject, unless determined otherwise by the Superintendent.

On August 13, 2020, the Governor of New Jersey signed Executive Order 175 indicating public school districts shall resume partial or full-time in-person instruction during the fall of school year 2020-2021. However, Executive Order 175 also indicates public school districts that are or become unable to satisfy the health and safety requirements for in-person instruction delineated in the NJDOE’s “Checklist for Re-Opening of School 2020-2021” and detailed in the “The Road Back - Restart and Recovery Plan for Education” Guidance, may provide full-time remote instruction to all students pursuant to N.J.S.A. 18A:7F-9.

Public school districts that determine they cannot provide in-person instruction must submit documentation to the Department of Education that identifies:

1. The school building(s) or grade level(s) within the district that will provide full-time remote instruction;
2. The specific health and safety standards delineated in the NJDOE’s “Checklist for Re-Opening of School 2020-2021,” and detailed in the “The Road Back - Restart and Recovery Plan for Education” Guidance, that the school is unable to satisfy;

3. The school’s anticipated efforts to satisfy the identified health and safety standard(s); and
4. A date by which the school anticipates the resumption of in-person instruction.

Such documentation must be submitted to the Department of Education at minimum one week prior to the public school district’s first day of school.

The NJDOE, by way of the Executive County Superintendent, shall request periodic updates from the Superintendent of Schools of a public school district offering only remote instruction to demonstrate the school district is actively engaged in good-faith efforts toward the resumption of in-person instruction.

All instruction, whether in-person instruction or remote instruction, for the 2020-2021 year, shall adhere to the following requirements, and any other requirements imposed by Order, statute, or regulation:

1. A school day, whether in-person or remote must consist of at least four (4) hours of active instruction to students by an appropriately certified teacher, except that one continuous session of two and one-half hours may be considered a full day in Kindergarten, pursuant to N.J.A.C. 6A:32-8.3.
2. District and school policies for attendance and instructional contact time will need to accommodate opportunities for both synchronous and asynchronous instruction, while ensuring the requirements for a 180-day school year are met pursuant to N.J.S.A. 18A:7F-9.
3. All instructional time shall be provided in accordance with the New Jersey Student Learning Standards (NJSLs).

All public school districts participating in the National School Lunch and Breakfast Programs, regardless of whether they are required to participate or voluntarily opt-in to the programs, must offer the required meals to all children, regardless of eligibility, when the school day involves at least four hours of in-person or remote instruction.

For the 2020-2021 school year, the use of student growth data based on standardized assessment or student growth percentile shall be waived and shall not be used as a measure of educator effectiveness in the overall evaluation of any educator in accordance with N.J.S.A. 18A:6-123(b)(2) and (4).

Paragraph 8 of Executive Order No. 107 (2020), which prohibits in-person dining at certain establishments that are open to the public, shall not apply to school district cafeterias provided that social distancing can be maintained and access is limited to staff and students and not available to the general public. Such cafeterias must adhere to infection control practices outlined for dining in the applicable reopening documents issued by the Department of Education.
