Lakewood High School Dual Enrollment Program

Dual enrollment programs allow students to be enrolled in two separate, academically related institutions. Generally, it refers to high school students taking college or university courses. The Lakewood Board of Education is pleased to announce the continued partnership with Ocean County College and Lakewood High School to offer a significant number of dual enrollment courses this year with no charge to the students. This will allow students to graduate high school with an Associates Degree from OCC for their respective program! Below is a list of the courses that will be offered for the 2020-2021 school year.
